

TERMS & CONDITIONS

This Try & Trust Online Demo is accessed by you via a website of EASY SOFTWARE AG. However, this Online Demo is powered by EASY SOFTWARE AG's partner I.R.I.S. Products & Technologies and, by proceeding with its usage, you consent to the uploaded data being processed by both, EASY SOFTWARE AG and I.R.I.S. Products & Technologies with legal entities as listed below.

By using I.R.I.S. P&T Try & Trust or using our services, you are agreeing to the I.R.I.S. P&T [Legal Notice](#) and the I.R.I.S. P&T [Cookie Policy](#).

SIGN - UP PRIVACY & DATA COLLECTION POLICY

How do we process the information from the registration form and the uploaded documents?

Information contained in the form will be used to manage inquiries submitted to us. We may also contact you to get more information, update and clarify your request or any other matter related to our services.

By ticking the "IRIS Newsletter" checkbox below the application form, you consent to I.R.I.S. P&T sending you more detailed content about its products and services via periodic newsletters. You can unsubscribe any time by clicking the unsubscribe link which is included in every newsletter.

We will not disclose your information to any other organization for any marketing purposes. If you decide not to use our services or do not subscribe to our newsletters, we will delete the contact data from the form after 1 year.

Information contained in the form will not be communicated to third party providers but will only be processed within I.R.I.S. P&T.

The uploaded documents will be processed to provide you structured data captured automatically by our free-form data-extraction tool using our proprietary OCR-Technology. The uploaded documents or their processed contents will be safely retained for a period of maximum 1 year to ensure the best possible follow up to any of your requests, questions or reports. I.R.I.S. P&T will delete the uploaded documents and their processed contents after 1 year.

Try & Trust is provided to I.R.I.S. P&T website visitors (users) for demonstration purposes only. Making use of Try & Trust for any purposes other than simply getting a glimpse of what I.R.I.S. P&T document capture does is not permitted. I.R.I.S. P&T will not assume any responsibility or liability for the correctness or contents of results of processed documents. Using the processed data for business purposes will always be at the full risk and responsibility of the user.

Therefore, before uploading any data to Try & Trust, you are required to ensure, in accordance with all privacy regulations which may be applicable to the processing of your data, that you are entitled to transmit the documents to us and have us retain them for the purpose and for the duration described

above. Impacted persons' consent must cover the transmission of data to I.R.I.S., as well as the envisaged work to be done with the data.

If you choose to upload data to Try & Trust, you are fully liable for possible privacy violations related to the upload, except if I.R.I.S. intentionally commits misconduct after the data has reached I.R.I.S.' possession. Other than that, I.R.I.S. explicitly excludes any liability for damages, direct or indirect, related to the receipt of data via Try & Trust.

If you have any questions you can contact us at info-de@iriscompany.com. You can also ask for the access to your data, portability, rectification or erasure, and limitation of processing. You can object to processing based on legitimate interests.

PRIVACY AND GDPR

I.R.I.S. P&T aims at the facilitation of document management through intelligent processing of data through OCR-Technology. As such, I.R.I.S. P&T is fully aware of the obligations and responsibilities connected with the processing of data regardless of their nature or type. That is why we take data protection and security very seriously. We follow EU laws and regulations, especially the General Data Protection Regulation (GDPR), which are one of the strictest in the world.

HOW ARE WE DEALING WITH DATA PROTECTION RULES?

We are fully committed to ensure compliance with the GDPR. To re-iterate, we are processing customer-provided documents for the primary purpose of data capture, based on instructions of our customers, and for the secondary purpose of further research and development of data-extraction technology and artificial intelligence. Based on the nature of the data and the GDPR balance test, we have a full reason to believe that this processing is fully compliant with the GDPR.

HOW DO WE SECURE THE DATA?

We know that the security of data is of paramount importance. Reflecting that we are taking all the industry-standard measures to guarantee that the data we get are safe. We are following access management and restrictions based on the need-to-know principle. All our employees and contractors are bound by the non-disclosure agreements.

If you are a company outside the EU, you should still be aware of this. The provisions of the GDPR apply to any organization that processes personal data of individuals in the European Union.

If you have any questions, please don't hesitate to contact us at info-de@iriscompany.com.
